### Ever Active Schools:

Ever Active Schools (EAS) is a registered national charity based in Alberta that is designed to assist schools in creating and sustaining healthy school communities. EAS contributes to the healthy development of children and youth by fostering social and physical environments that support the health and learning outcomes of students. We are an innovation-forward social impact organization that is passionate about well-being, and it shows in all we do! We're committed to creating environments that support health, learning, and growth because that's the type of place we want to live and work in. We value relationships - our work begins as collaborators, is built as partners and continues in friendship. We show up for each other and our communities, act with empathy and bring our authentic selves to work every day. We recognize, value and celebrate diverse abilities, identities, cultures and ways of knowing. We don't know all of the answers but we're listening, learning and growing. We're biased, but we think you'll like working here too.

### Opportunity:

**The EAS Street Team Student Internships** is an exciting pilot project offering resume-building experience and skill development. Post-secondary students in Alberta are invited to participate with the opportunity to earn **\$500-\$1,000** upon internship completion!

Engage with a variety of Ever Active Schools programs, events and initiatives supporting the development of career building skills and experience in the wellness & recreation sector.

EAS Street Team is a pilot project in collaboration with a new experiment through [Volunteer Alberta](#) called CNIP (Community Nonprofit Internship Program Pilot), which was inspired by the original Serving Community Internship Program (SCiP) that ended in 2019. Volunteer Alberta facilitated the original SCiP for several years with great success, granting bursaries to volunteers attending post-secondary schools across Alberta as an incentive and reward for their generous service.

SCiP was a vital part of Alberta's healthy voluntary sector and we're excited to test this new iteration.

Today, volunteerism is at record lows across Canada. Take advantage of this incentive to engage, and build valuable workplace experience.

### Internship Details:

- Post-secondary students will be selected to complete 10-20 internship positions September 2023 - June 2024
